## Courses

---

### **Basic High-performance Liquid Chromatography**

*November 11–13, 1985, London*

This course, which is organised by Chrompack UK Ltd., has been designed specifically for beginners with limited experience who wish to build on existing knowledge and increase their practical skills. The object of the course is to give students a basic knowledge of the theory and practice and manual skills by means of lectures and practical sessions. The fee for the course is £195 plus VAT. For further details of the course and the London venue, and for registration forms, please contact Chrompack UK Ltd., Unit 4, Indecon Court, Millharbour, London E14 9TN.

### **Advanced High-Performance Liquid Chromatography**

*November 18–20, 1985, London*

This course, which is again organised by Chrompack, covers both the theoretical and practical aspects of the latest developments in HPLC. It is particularly suitable for those delegates who have attended the Basic HPLC Course (above) or for those who have previous experience in the subject. The fee for the course is £230 plus VAT. For further details of the course and the London venue, and for registration forms, please contact Chrompack UK Ltd., Unit 4, Indecon Court, Millharbour, London E14 9TN.
