# RSC Prizes and Awards

Rewarding Excellence and Dedication

## Organic Chemistry Awards

The Organic Chemistry awards portfolio rewards excellence in both industry and academia, for original research in any aspect of organic chemistry as well as specific areas including organometallic and physical organic chemistry.

We have a wide range of Prizes and Awards to acknowledge those undertaking excellent work. In recognition of their achievement award winners receive up to £5,000 prize money. Visit our website for further details and to make your nomination.

To view our full list of Prizes and Awards visit our website.

**Reward achievement**  
**2012 nominations open on 1 September 2011**

Closing date for nominations is  
15 January 2012
